The Belgian Association for Sleep research and Sleep medicine (BASS) announces the next edition of the **International Sleep Medicine Course (ISM C)**.

The 2024 edition will take place from Monday **05/02/2024** to Thursday **08/02/24** at the Floreal Club in **Blankenberge, Belgium**.

The ISM C is a joint organization of the Belgian Association for Sleep research and Sleep medicine (BASS), the Nederlandse Vereniging voor Slaap-Waak Onderzoek (NSWO) and the British Sleep Society (BSS). The ISM C has become an acclaimed international postgraduate program for professionals involved in the care of patients with sleep disorders. The aim of the course is to provide a comprehensive and contemporary review of the most relevant aspects of normal sleep and sleep disorders. This educational package should enable participants to prepare for sleep medicine examinations.

The venue in Blankenberge is a fine seaside resort on the Belgian coast. This casual environment should facilitate lively debate in and outside the lecture halls and foster new friendships.

Online registration will be announced later.

Accreditation will be requested for the entire course.

We look forward to meeting you in Blankenberge.

On behalf of the organizing committee,  
Prof. Dr. A. Mariman, local organizer
